April 18, 2016

Honorable Chair and Members of the Commission SouthWest Transit

We are pleased to respectfully submit the SouthWest Transit (SWT) Comprehensive Annual Financial Report (CAFR) for the year ended December 31, 2015 to the SouthWest Transit Commission, the citizens of this area and all interested in its financial condition. SWT is a public agency created by a joint powers agreement between the Cities of Eden Prairie, Chanhassen and Chaska for the purposes of providing transit services to the Cities of Eden Prairie, Chanhassen and Chaska and contracting to provide transit and planning services, as approved by the Commission, pursuant to *Minnesota Statutes* 473.384 and/or *Minnesota Statutes* 473.388 and 471.59. This report is published to fulfill the requirements of Minnesota state law that all general purpose local governments publish annually a complete set of financial statements in conformance with accounting principles generally accepted in the United States of America (GAAP), audited in accordance with auditing standards generally accepted in the United States of America by a firm of licensed certified public accountants.

This report was prepared by the SWT Finance Department and responsibility for both the accuracy of the presented data and the completeness and fairness of the presentation, including all disclosures, supporting schedules and statistical tables rests with SWT. Management believes the data, as presented, is accurate in all material respects; that it is presented in a manner designed to fairly set forth the financial position and results of SWT as measured by the financial activity of its various funds and that all disclosures necessary to enable the reader to gain an understanding of SWT's financial position have been included. Management of SWT has established a comprehensive internal control framework that is designed to protect the government's assets from loss, theft or misuse and to compile sufficient reliable information for the preparation of SWT's financial statements in conformance with GAAP. Because the cost of internal controls should not outweigh their benefit, SWT's framework of internal controls has been designed to provide reasonable, rather than absolute, assurance that the financial statements will be free from material misstatement.

SWT's financial statements were audited by BerganKDV, Ltd., a firm of licensed and certified public accountants. The goal of the independent audit is to provide reasonable assurance that the financial statements of SWT for the year ended December 31, 2015 are free of material misstatement. The independent audit involves examining, on a test basis, evidence supporting the amounts and disclosures in the financial statement; assessing the accounting principles used and any significant estimates made by management; and evaluating the overall financial statement presentation. The independent auditor concluded, based on their audit, that there was a reasonable basis for rendering an unmodified opinion that SWT's financial statements for the year ended December 31, 2015 are presented in conformity with GAAP. The Independent Auditor's Report is presented as the first component of the financial section of this report.

GAAP requires that management provide a narrative introduction, overview and analysis to accompany the basic financial statements in the form of Management's Discussion and Analysis (MD&A). This Letter of Transmittal is designed to complement the MD&A and should be read in conjunction with it. SWT's MD&A can be found in the financial section of this report immediately following the report of the independent auditors.

## **PROFILE OF THE GOVERNMENT**

The SouthWest Transit Commission was formed in July of 1986 by a joint powers agreement between the Cities of Eden Prairie, Chanhassen and Chaska to provide public transit services. The Commission consists of seven members. Each of the three Cities appoints two Commissioners; one must be a City Council member or the current Mayor of the respective Cities. The seventh member must reside or maintain a business in one of the three Cities and is appointed by the six Commissioners. This Commissioner is the rider representative. The Treasurer is a member of the Commission and is elected by the Commission.

The Chief Executive Officer (CEO) is appointed by the Commission to administer the day to day activities of SWT, including administration of the transit system, contracts for transportation services, marketing and promotion of such services, administration of personnel matters including hiring and termination of employees.

The primary mission of SWT is committed to providing a quality riding experience that fulfills the needs and exceeds the expectations of our customers.

SWT provides fixed route transit services within the three communities and connects the communities to other metropolitan destinations, including downtown Minneapolis, the University of Minnesota, the Southdale area, as well as providing reverse commute services to businesses within the three communities. SWT services are provided by a fleet of seventy five (75) active vehicles. Driver services are provided by a private contractor. Beginning in July, 2015, SWT is providing new local service between its member communities. The service is an on-demand curb to curb shared ride service that allows riders to be picked up and dropped off anywhere in SWT's service area. SWT does not have any component units.

The annual operating budget serves as the basis for SWT's financial planning and control. Departments submit their line item detailed budget requests to the Finance Department in August and the Chief Executive Officer presents the proposed budget to the Commission in October. The final budget is adopted before the next year begins, often in December of each year. Actual amounts exceeding the budgeted line items are allowed if there is corresponding revenue increase or if the total expenses for the department are within the department budgeted amount. However, the level at which management cannot overspend the budget without approval of the governing body is the fund level for all budgets. If significant changes occur after the budget is adopted, budget adjustments are proposed by SWT management and adopted by the Commission.

# ECONOMIC CONDITIONS AND OUTLOOK

# **Operating Funds**

The General Fund accounts for all the operating activities of SWT. SWT's primary funding source is the Motor Vehicle Sales Tax (MVST). In 2006, a constitutional amendment was passed by the state legislature dedicating one hundred percent of all state motor vehicle sales tax revenue to state-wide transportation improvement with forty percent dedicated to public transportation. In 2015, SWT received \$ 6,466,043 from MVST in accordance with the statutory formula in Minnesota Statutes, Section 473.388.

The Metropolitan Council may also provide Suburban Transit Providers such as SWT with additional revenues known as Regionally Allocated MVST (RAMVST) above the amount required under Minnesota Statutes, Section 473.388. The RAMVST is distributed in accordance with the Metropolitan Council's model which is intended to preserve existing operations levels at SWT and to maintain an existing reserve in SWT's General Fund. SWT received \$ 2,691,000 under the RAMVST formula in 2015. While SWT continues to pursue a fair share of the RAMVST funding, we are also committed to a proactive approach to operations that relies on effectiveness and sound management decisions.

SWT ridership totaled 1,125,823 in 2015 and generated \$ 2,653,727 in passenger fare revenue. Passenger fare rates are established by the Metropolitan Council. In 2015, passenger fare recovery of operating costs (vehicle maintenance and operations) was 28%, a recovery rate that exceeded the regional performance target. Subsidy represents the cost per ride less the passenger fares received. The SWT subsidy in 2015 was \$ 6.32 compared to \$ 6.46 in 2014.

Several major maintenance projects were completed in 2015 and are reported in General Fund expenditures. The maintenance projects totaled approximately \$ 1.1 million and included items such as:

- Wi-Fi, camera and radio replacements on buses,
- Replacement or upgrade of vehicle operation and maintenance facilities,
- Replacement and upgrade of vehicle maintenance, and
- Improvements in SWT overall technology.

As SWT moves forward into 2016 and beyond, commitment to quality, safety, customer service and to the development of our employees continues to be the primary focus.

# **Capital Funds**

Historically, capital expenditures for facilities such as park and ride lots, stations and bus garage facilities as well as bus purchases have been funded by state, local and federal grants, or SWT reserve funds. Capital funds are awarded on the basis of competitive proposals submitted by regional providers. SWT has developed and maintains a long range Capital Improvement Plan (CIP) to plan for future needs and services and to support application for the capital funds.

SWT completed a major expansion of its Eden Prairie garage facility in 2015. The project was financed by the issuance of \$ 2,332,000 debt to be repaid over the next ten years.

### Long Term Financial Planning

SWT has implemented various financial/budget policies to guide the Commission and staff when making financial decisions and to ensure the long-term stability of SWT finances and operations. These policies include the following:

- The SWT Commission shall set the General Fund balance to represent 35-40% of the current year operating budget. The fund balance falls within this range at December 31, 2015. However, with the 2016 RAMVST allocation from the MC, the fund balance is projected to drop below this threshold by the end of 2016.
- A debt service fund balance of \$ 207,137 as stated in the Balance Sheet is dedicated to retirement of the Refunding Certificates of Participation for the SouthWest Village construction and the Energy Savings lease purchase financing.
- Intergovernmental revenue or local funds will be used to pay the debt service on the current outstanding balance of \$ 950,000 for the above stated COP.

- The Commission issued \$ 1,000,000 in energy savings debt in 2013 that will be repaid from future energy savings. A separate debt service fund has been set up to account for the repayment of the remaining debt outstanding which totals \$ 858,299.
- The lease purchase financing for the Eden Prairie garage is expected to be repaid with local, regional and federal funds. A separate debt service fund was set up in 2015 to account for the repayment of the remaining debt outstanding which totals \$ 2,215,009.

SWT has also adopted the following Capital and Debt Policies:

- SWT will first seek state and federal capital funding to the extent it is available. State and federal sources include the Metropolitan Council (MC), Federal Congestion Mitigation Air Quality (CMAQ) grants and/or other sources as they become available.
- SWT will look towards its Capital and Equipment Fund (C&E) fund balance to fund one-time capital expenditures.
- Should SWT need to issue debt, it shall confine long-term borrowing to capital improvements or assets for which there is no limited or delayed capital funding from the Metropolitan Council or other grant sources and that cannot be funded from current revenues. When debt is issued, it will pay back the debt within a period not more than the useful life of the improvement or asset.
- A minimum reserve in the amount of one year debt retirement will be dedicated to the debt retirement at the time the debt is issued.
- Total annual debt retirement payments funded by current revenue will not exceed 10% of the general fund budget. Debt retirement for issues with a dedicated reserve will not be included in the 10% maximum.
- SWT will maintain a five-year Capital Improvement Plan for all projects over \$ 50,000 and update the plan with the annual budget process.

# **Major Initiatives**

Major initiatives for SWT operations included:

- Ridership on SWT remains at a very high level. New service, a new station and the agency's marketing efforts are all responsible for the increase.
- Additional transit services have been added to other destinations including Best Buy Corporate Offices, Normandale Community College and Southdale Shopping Center.
- SWT operates its buses on the shoulders of Hwy 494 between Hwy 5 in Eden Prairie and Hwy 394 in Golden Valley. Up to this point bus use of shoulders was prohibited on 494.
- Wi-Fi service is available on all of SWT's buses. SWT is the first transit agency in the state and one of the first in the country to offer Wi-Fi on all buses. In addition, free Wi-Fi is available at all four of SWT's major Park & Ride locations.
- Effective July 2015, SWT started a new service, referred to as SW Prime. SW Prime is a curb to curb service within its current service area.
- SWT improved its operational efficiency with the completion of the Eden Prairie garage expansion and modernization project in 2015.
- SWT worked through a Memo of Understanding with the Metropolitan Council which will provide guaranteed service and local control once the Light Rail (LRT) is operating in Eden Prairie.
- Four new expansion coach buses aid in providing service to our growing ridership and five new cutaways add local service options in 2015 (SW Prime).
- SWT service was extended to the City of Carver beginning in January 2015 under a grant agreement expected to continue for three more years.

- SWT operates its buses on the shoulders of Hwy 494 between Hwy 5 in Eden Prairie and Hwy 394 in Golden Valley. Up to this point bus use of shoulders was prohibited on 494.
- Wi-Fi service is available on all of SWT's buses. SWT is the first transit agency in the state and one of the first in the country to offer Wi-Fi on all buses. In addition, free Wi-Fi is available at all four of SWT's major Park & Ride locations.
- Effective July 2015, SWT started a new service, referred to as SW Prime. SW Prime is a curb to curb service within its current service area.
- SWT improved its operational efficiency with the completion of the Eden Prairie garage expansion and modernization project in 2015.
- SWT worked through a Memo of Understanding with the Metropolitan Council which will provide guaranteed service and local control once the Light Rail (LRT) is operating in Eden Prairie.

- SWT service was extended to the City of Carver beginning in January 2015 under a grant agreement expected to continue for three more years.
- A Rider Reward program, starting in 2015, will provide additional ridership incentives.

## **Certificate of Achievement**

The Government Finance Officers Association of the United States and Canada (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to SWT for its comprehensive annual financial report for the year ended December 31, 2014. This was the ninth consecutive year that the government has achieved this prestigious award. In order to be awarded a Certificate of Achievement, a government must publish an easily readable and efficiently organized comprehensive annual financial report. This report must satisfy both generally accepted accounting principles and applicable legal requirements.

A Certificate of Achievement is valid for a period of one year only. We believe our current comprehensive annual financial report continues to meet the Certificate of Achievement Program's requirements and we are submitting it to the GFOA to determine its eligibility for another certificate.

### Acknowledgements

We would like to express our appreciation to the Commission for their continued support in planning and conducting the financial operations of SWT in a responsible and progressive manner. We also want to thank the Finance Department staff for their contribution in the preparation of this report. The Finance Department staff is responsible for the operational oversight of the financial system, closing adjustments, coordination of the annual audit, and compilation of the statistical information and preparation of the CAFR.

Respectfully submitted.

Ven Simich Chief Executive Officer and General Manager

## **INDEPENDENT AUDITOR'S REPORT**

Board of Commissioners SouthWest Transit Eden Prairie, Minnesota

#### **Report on the Financial Statements**

We have audited the accompanying financial statements of the governmental activities, each major fund and the aggregate remaining fund information of SouthWest Transit ("SWT"), Eden Prairie, Minnesota, as of and for the year ended December 31, 2015, and the related Notes to the Financial Statements, which collectively comprise SWT's basic financial statements as listed in the Table of Contents.

#### Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

#### Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to SWT's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of SWT's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

# Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, each major fund and the aggregate remaining fund information of SouthWest Transit, Eden Prairie, Minnesota, as of December 31, 2015, and the respective changes in financial position and the budgetary comparison for the General Fund for the year then ended in accordance with accounting principles generally accepted in the United States of America.

### **Implementation of GASB 68 and GASB 71**

As discussed in Note 11 to the financial statements, SWT has adopted the provisions of the Governmental Accounting Standards Board (GASB) Statement No. 68, *Accounting and Financial Reporting for Pensions* and GASB Statement No. 71, *Pension Transition for Contributions Made Subsequent to the Measurement Date*. Our opinion is not modified with respect to this matter.

### **Other Matters**

#### Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the Management's Discussion and Analysis, which follows this report letter, and Required Supplementary Information as listed in the Table of Contents be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by GASB who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

#### Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise SWT's basic financial statements. The introductory section, combining and individual fund statements and schedules and statistical section are presented for purposes of additional analysis and are not a required part of the basic financial statements.

# **K** bergankov

The combining and individual fund statements and schedules are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining and individual fund statements and schedules are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

The introductory and statistical sections have not been subjected to the auditing procedures applied in the audit of the basic financial statements, and accordingly, we do not express an opinion or provide any assurance on it.

#### **Report on Summarized Comparative Information**

The financial statements include partial prior year comparative information. Such information does not include all of the information required to constitute a presentation in accordance with accounting principles generally accepted in the United States of America. Accordingly, such information should be read in conjunction with SWT's basic financial statements for the year ended December 31, 2014, from which such partial information was derived.

We have previously audited SWT's 2014 financial statements and our report, dated May 6, 2015, expressed unmodified opinions on the respective financial statements of the governmental activities, each major fund and the aggregate remaining fund information. In our opinion, the summarized comparative information presented herein as of and for the year ended December 31, 2014, is consistent, in all material respects, with the audited financial statements from which it has been derived.

#### Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated April 18, 2016 on our consideration of SWT's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering SWT's internal control over financial reporting and compliance.

Bergan KDV, Ctd.

St. Cloud, Minnesota April 18, 2016

#### MANAGEMENT'S DISCUSSION AND ANALYSIS (UNAUDITED) December 31, 2015

As management of SouthWest Transit (SWT), we offer readers of SWT's financial statements this narrative overview and analysis of the financial activities of SWT for the year ended December 31, 2015. All amounts, unless otherwise indicated, are expressed in dollars.

# FINANCIAL HIGHLIGHTS

- The assets of SWT exceeded its liabilities at the close of 2015 by \$ 54,887,956 (net position). Of this amount, \$ 12,353,477 (unrestricted net position) may be used to meet SWT's ongoing obligations to customers and creditors.
- SWT's total net position increased by \$ 93,340, or 0.2%, based on 2015 activity.
- As of the close of the current year, SWT's governmental funds reported combined ending fund balances of \$ 9,776,717, an increase of \$ 1,610,968 in comparison with the prior year. \$ 4,153,836 of the General Fund is unassigned and available for spending at SWT's discretion.
- At the end of the current fiscal year, the General Fund had a fund balance of \$4,712,168. Of that amount, \$558,332 was in nonspendable form and the remaining \$4,153,836 was unassigned.
- SWT has a fund balance of \$ 207,137 available for debt retirement. Funds from the General Fund were budgeted and were transferred to cover 2015 debt payments together with other financing sources dedicated for debt retirement.
- In May 2014, SWT approved the sale of a 95,000 square foot garage in Chaska for \$ 4,750,000. SWT received 10% down and is carrying a contract for deed totaling \$ 4,275,000. Monthly payments of \$ 27,335 including interest at 4.625% started July 2014 and will continue for 20 years.
- In 2015, SWT started providing service to the City of Carver under a contract financed by a CMAQ grant. It is anticipated this service agreement will continue for the next 3 years.
- In July 2015, SWT approved lease purchase financing for an expansion and modernization of its Eden Prairie garage facility. The financing of this obligation will include SWT, Metropolitan Council and federal resources.
- On July 6, 2015, SWT started an on-demand shared ride service. The curb to curb service is referred to as SW Prime.
- SWT ridership increased by 1.6% to 1,125,823; operations decreased the overall subsidy per passenger from \$ 6.46 in 2014 to \$ 6.32 in 2015.

**Overview of the Financial Statements** – This discussion and analysis is intended to serve as an introduction to SWT's basic financial statements. SWT's basic financial statements comprise three components: 1) government-wide financial statements, 2) fund financial statements and 3) Notes to the Financial Statements.

#### MANAGEMENT'S DISCUSSION AND ANALYSIS (UNAUDITED) December 31, 2015

**Government-Wide Financial Statements** – The government-wide financial statements are designed to provide readers with a broad overview of SWT's finances, in a manner similar to a private-sector business.

The Statement of Net Position presents information on all of SWT's assets deferred outflows of resources, liabilities, and deferred inflows of resources, with the difference between the two reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of SWT is improving or deteriorating.

The Statement of Activities presents information showing how SWT's net position changed during the most recent year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this Statement for some items that will only result in cash flows in future periods (e.g. uncollected motor vehicle excise taxes, and earned but unused personal leave).

The government-wide financial statements include only SWT itself. SWT has no component units.

The government-wide financial statements can be found on pages 26-27 of this report.

**Fund Financial Statements** – A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. SWT, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance related legal requirements. All of the funds of SWT are governmental funds.

**Governmental Funds** – Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on near-term inflows and outflows of spendable resources, as well as on balances of spendable resources available at the end of the year. Such information may be useful in evaluating SWT's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of SWT's near-term financing decisions. Both the governmental fund Balance Sheet and the governmental fund Statement of Revenues, Expenditures and Changes in Fund Balances provide a reconciliation to facilitate this comparison between governmental funds and governmental activities.

SWT maintained the following individual governmental funds during 2015: the General Fund, SWT Buses, SWS Development, Energy Savings, and the Capital and Equipment Capital Projects Funds. In addition, SWT maintains three Debt Service Funds for SW Village Debt, Energy Savings Debt, and Eden Prairie Garage Remodel Debt.

#### MANAGEMENT'S DISCUSSION AND ANALYSIS (UNAUDITED) December 31, 2015

SWT adopts annual budgets for its General Fund, Capital Project Funds and Debt Service Funds. However, capital projects that are totally grant funded are typically controlled through the grant provisions. A budgetary comparison statement has been provided for the funds to demonstrate compliance with this budget.

The basic governmental fund financial statements can be found on pages 30-37 of this report.

**Notes to the Financial Statements** – The Notes to the Financial Statements provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. The Notes to the Financial Statements can be found on pages 39-63 of this report.

#### **GOVERNMENT-WIDE FINANCIAL ANALYSIS**

As noted earlier, net position may serve over time as a useful indicator of an organization's financial position. In the case of SWT, assets, deferred outflows of resources exceeded liabilities and deferred inflows of resources by \$ 54,887,956 at the close of 2015.

22.51% of SWT's net position is unrestricted. This is the amount available to meet SWT's ongoing obligations to its riders and creditors.

The remaining 77.49% reflects SWT's investment in capital assets (e.g. land, buildings, vehicles, equipment) less accumulated depreciation and any related debt used to acquire those assets that is still outstanding. SWT uses these capital assets to provide transit services to the citizens within our service area. Consequently, these assets are not available for future spending. Although SWT's investment in its capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources because the capital assets themselves cannot be used to liquidate these liabilities.

GASB Statement No. 68 was implemented for the year ended December 31, 2015 and required a \$ 1,091,999 (reduction) restatement of beginning Net Position. GASB Statement No. 68 is related to the accounting treatment of defined benefit pension plans, specifically the Public Employees Retirement Association of Minnesota (PERA). This is a result of a change in an accounting principle and does not affect SWT's obligation requirements as set by Minnesota Statute. While the accounting standard changed, SWT will continue to fund the pension plan based on required contribution rates as set by MN Statute. See Note 10 of the Notes to Financial Statements for additional information.

#### MANAGEMENT'S DISCUSSION AND ANALYSIS (UNAUDITED) December 31, 2015

#### **Net Position**

|   | 2015          | 2014          |
|---|---------------|---------------|
| Current and Other Assets                            | \$ 15,031,261 | \$ 13,803,788 |
| Capital Assets, Net of Depreciation                 | 46,432,121    | 45,589,896    |
| Total Assets  | 61,463,382    | 59,393,684    |
| Deferred Outflows of Resources                      |               |               |
| Deferred Outflows of Resources Related to Pension   | 175,031       |               |
| Total Assets and Deferred Outflows of Resources     | \$ 61,638,413 | \$ 59,393,684 |
| Current Liabilities                                 | \$ 1,674,801  | \$ 1,680,925  |
| Long-Term Liabilities                               | 5,002,378     | 1,826,144     |
| Total Liabilities                                   | 6,677,179     | 3,507,069     |
| Deferred Inflows of Resources                       |               |               |
| Deferred Inflows of Resources Related to Pension    | 73,278        | -             |
| Total Liabilities and Deferred Inflows of Resources | \$ 6,750,457  | \$ 3,507,069  |
| NET POSITION:                                       |               |               |
| Net Investment in Capital Assets                    | \$ 42,534,479 | \$ 43,664,850 |
| Unrestricted  | 12,353,477    | 12,221,765    |
| Total Net Position                                  | \$ 54,887,956 | \$ 55,886,615 |

**Governmental Activities** – Governmental activities increased SWT's net position by \$ 93,340. The components of net position increased or decreased as follows:

- Net position invested in capital assets decreased by \$1,130,371 during the year. Depreciation expense in 2015 totaled \$1,870,168 which was offset in part by capital assets additions. Capital additions included the Eden Prairie garage expansion project.
- Unrestricted net position increased by \$ 131,712 primarily due to the sale of the Chaska garage (payments on the contract for deed) and General Fund operations operating revenues exceeding operating expenditures. The increases were offset by the GASB restatement of beginning unrestricted net position.

Please see pages 26-27 for further detailed information.

#### MANAGEMENT'S DISCUSSION AND ANALYSIS (UNAUDITED) December 31, 2015

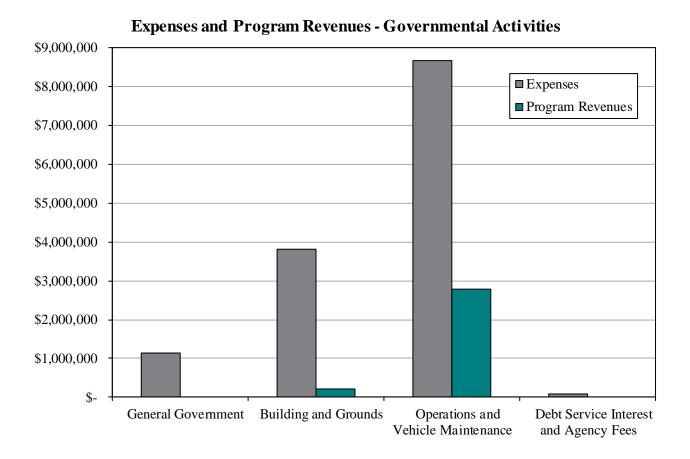

#### **Changes in Net Position**

|  | Governmental Activities |               |  |
|--|-------------------------|---------------|--|
|  | 2015 2                  |               |  |
| Revenues:                              |                         |               |  |
| Program Revenues                       |                         |               |  |
| Charges for Services                   | \$ 2,965,015            | \$ 2,844,839  |  |
| Operating Grants and Contributions     | 165,699                 | -             |  |
| Capital Grants and Contributions       | 1,075,156               | 323,279       |  |
| Total Program Revenues                 | 4,205,870               | 3,168,118     |  |
| General revenues:                      |                         |               |  |
| Unrestricted Intergovernmental Revenue | 9,157,043               | 8,917,732     |  |
| Other Local Revenue                    | 412,002                 | 335,206       |  |
| Unrestricted Investment Earnings       | 52,429                  | 37,439        |  |
| Total revenues                         | 13,827,344              | 12,458,495    |  |
| Expenses:                              |                         |               |  |
| General Government                     | 1,142,604               | 1,029,036     |  |
| Building and Grounds                   | 3,820,148               | 3,357,869     |  |
| Operations and Vehicle Maintenance     | 8,684,285               | 7,809,487     |  |
| Debt Service Interest and Agency Fees  | 86,967                  | 55,437        |  |
| Total expenses                         | 13,734,004              | 12,251,829    |  |
| Change in Net Position                 | 93,340                  | 206,666       |  |
| NET POSITION:                          |                         |               |  |
| Beginning, as Previously Stated        | 55,886,615              | 55,679,949    |  |
| Change in Accounting Principle         | (1,091,999)             |               |  |
| Net Position - Beginning, as Restated  | 54,794,616              | 55,679,949    |  |
| Ending                                 | \$ 54,887,956           | \$ 55,886,615 |  |

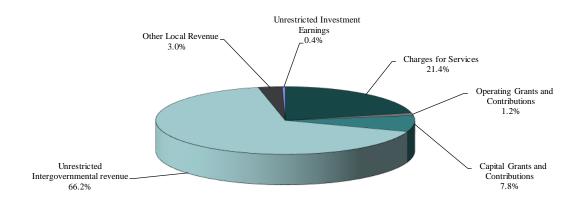

Governmental activities changes in net position – highlights of the change in net position are as follows:

- Capital grants and contributions from federal and state sources finance facilities and equipment purchases. In 2015, state grants totaling \$ 1,075,156 financed the acquisition of SWT buses and financed a portion of the Eden Prairie garage and SW Village debt.
- Unrestricted intergovernmental revenue includes both MVST and RAMVST. MVST increased by \$ 377,417 and RAMVST decreased by \$ 77,000 in 2015. The 2015 funding levels for MVST and RAMVST provided through the Metropolitan Council will be reduced in 2016. The reduction in 2016 RAMVST will reduce the fund balance levels determined by the Metropolitan Council. The 2014 unrestricted intergovernmental revenue also includes \$ 61,106 that SWT received as an additional state appropriation.

## MANAGEMENT'S DISCUSSION AND ANALYSIS (UNAUDITED) December 31, 2015

#### **Revenues by Sources - Governmental Activities**

#### MANAGEMENT'S DISCUSSION AND ANALYSIS (UNAUDITED) December 31, 2015

### FINANCIAL ANALYSIS OF SWT FUNDS

As noted earlier, SWT uses fund accounting to ensure and demonstrate compliance with finance related legal requirements.

**Governmental Funds** – The focus of SWT's governmental funds is to provide information on nearterm inflows, outflows and balances of spendable resources. Such information is useful in assessing SWT's financing requirements. In particular, unassigned and assigned fund balances may serve as a useful measure of a government's net resources available for spending at the end of the year.

As of the end of the current year, SWT's governmental funds reported combined ending fund balances of \$ 9,776,717, an increase of \$ 1,610,968 in comparison with the prior year. Fund balances are classified to reflect the limitations and restriction of the respective funds. Additional information on fund balance classifications are in Note 7 on page 53 of this report.

The increase in SWT's fund balance of \$ 1,610,968 during the current year is comprised of the following key factors:

- The General Fund revenues exceeded expenditures and transfers out by \$ 1,273,641.
- Expenditures in the Capital and Equipment Capital Projects Fund exceeded revenue by \$ 86,139.
- The SWS Development Capital Projects Fund includes the payments received on the sale of the Chaska garage totaling \$ 327,496. It also include the cost of the Eden Prairie garage project which was financed by \$ 2,332,000 lease purchase financing.

### **GENERAL FUND BUDGETARY HIGHLIGHTS**

The SWT Commission approved an amended budget in 2015 that reflected the use of significantly more revenues for major maintenance projects for both facilities and equipment than originally anticipated.

The Intergovernmental revenue (MVST and RAMVST) exceeded the original adopted budget by \$ 598,143. In addition, the original adopted budget anticipated that revenues would exceed the expenditures by \$ 269,430. The amended budget included revenue increases for MVST based on actual collections and the reallocation of expenditure budgets based on operating costs and service levels. The significant drop in fuel cost and the delay of the implementation of the SW Prime service until July 2015 resulted in reducing the Operations and Vehicle Maintenance budget by \$ 926,381.

#### MANAGEMENT'S DISCUSSION AND ANALYSIS (UNAUDITED) December 31, 2015

### CAPITAL ASSET AND DEBT ADMINISTRATION

**Capital Assets** – SWT's investment in capital assets as of December 31, 2015 amounted to \$46,432,121 (net of accumulated depreciation). This investment in capital assets includes land, buildings, land improvements including parking decks, equipment and intangible assets. See the following table for more detail.

#### **Capital Assets (Net of Depreciation)**

|                          | 2015          | 2014          |
|--------------------------|---------------|---------------|
| Buildings and Facilities | \$ 10,153,996 | \$ 8,627,741  |
| Bus Equipment            | 301,068       | 229,910       |
| Equipment and Software   | 989,404       | 539,779       |
| Furniture                | 22,293        | 25,303        |
| Land                     | 2,270,717     | 2,270,717     |
| Land Improvements        | 740,760       | 826,378       |
| Park and Ride Facilities | 31,298,494    | 32,390,599    |
| Transit Hub Facilities   | 454,396       | 492,050       |
| Vehicles                 | 200,993       | 129,457       |
| Construction in Progress |               | 57,962        |
| Total                    | \$ 46,432,121 | \$ 45,589,896 |

SWT operates 74 buses owned by the Metropolitan Council. SWT acquired one additional transit bus in 2015 for its local on-demand service.

Additional information on SWT's capital assets can be found in Note 1.D.5 on pages 43 of this report and Note 6 on pages 51-52 of this report.

**Long-Term Debt** – SWT debt totals \$ 4,103,452, a net increase of \$ 2,157,406 during 2015. SWT debt includes four issues including Certificates of Participation, Lease Purchase and Capital Lease financing and are briefly described as follows:

- The SouthWest Village Parking Ramp (COP) debt totals \$ 950,000 with the final payment due October 1, 2025.
- The Energy Savings Lease Purchase debt totals \$ 858,299 with the final payment due April 2028.
- The Eden Prairie Garage Lease Purchase debt totals \$ 2,215,009 with the final payment due April 2025.
- The Turtle Top Bus Capital Lease debt totals \$ 80,144 with final payment due July 2020.

Additional information on SWT's long-term debt can be found in Note 8 on pages 54-56 of this report.

#### MANAGEMENT'S DISCUSSION AND ANALYSIS (UNAUDITED) December 31, 2015

### ECONOMIC FACTORS AND NEXT YEAR'S BUDGETS

SWT had approved its 2016 budget that includes an estimated \$ 6,546,000 from MVST and \$ 1,417,000 from regional allocated MVST. The 2016 expenditure budget continues additional service for its riders with new service to Best Buy, Target Corporation Offices, Normandale Community College, the Southdale Shopping area and the SW Prime service. The General Fund expenditure and other financing use budget for 2016 is \$ 11,646,215; an increase of \$ 247,945 from the original approved budget for 2015. The increased expenditures are planned to be financed with additional MVST, passenger fares and fund balance. The Metropolitan Council (MC) uses the allocation of RAMVST to manage the SWT General Fund at the same level as other Transit Providers that participate in the RAMVST allocation.

The RAMVST revenue reduction is projected to reduce the fund balance to 27.92% of expenditures. The 2016 budget anticipates a reduction in the General Fund balance of \$ 733,859.

SWT ridership increased by 1.6% in 2015 and the trend is expected to continue in 2016. Ridership increases are expected with both the current routes. The 2016 budget increased passenger fares to \$ 2,639,240; up 2.9% over the 2015 amended budget.

SWT General Fund balance policy states the SWT Commission shall set the General Fund balance to represent 35%-40% of the current year operating budget. It is projected the fund balance will decrease as provided in the MC revenue allocation model and is using the fund balance increase in 2015 to finance the operation in 2016.

SWT will utilize the following strategies to balance the 2016 budget:

- Implementing additional operating efficiencies
- Forging new partnerships
- Actively pursuing an equitable share of state and federal funding for transit operation
- Use of reserves as necessary

SWT's goal is to balance the budget by minimizing as much as possible any negative impacts to both our riding customers and staff.

#### **REQUESTS FOR INFORMATION**

This financial report is designed to provide a general overview of SWT's finances for all those with an interest in SWT's finances. Questions concerning any of the information provided in this report or requests for additional financial information should be addressed to the Department of Finance, 13500 Technology Drive, Eden Prairie, Minnesota 55344.

# RECONCILIATION OF THE BALANCE SHEET TO THE STATEMENT OF NET POSITION - GOVERNMENTAL FUNDS December 31, 2015 (With Comparative Totals for December 31, 2014)

|  | December 31,               |                            |
|--|----------------------------|----------------------------|
|  | 2015                       | 2014                       |
| Total Fund Balances - Governmental Funds   | \$ 9,776,717               | \$ 8,165,749               |
| Amounts reported for governmental activities in the Statement of Net Position are different because:   |                            |                            |
| Capital assets used in governmental activities are not current<br>financial resources and, therefore, are not reported as assets<br>in governmental funds.                                   |                            |                            |
| Cost of Capital Assets<br>Less Accumulated Depreciation  | 62,007,586<br>(15,575,465) | 59,321,038<br>(13,731,142) |
| Long-term liabilities, including leases payable, are not due and<br>payable in the current period and, therefore, are not reported<br>as liabilities in the funds.                           |                            |                            |
| Leases/Certificates of Participation Payable   | (4,103,452)                | (1,946,046)                |
| Compensated Absences Payable   | (121,566)                  | (118,961)                  |
| Net Pension Liability  | (1,243,805)                | -                          |
| Deferred outflows or resources and deferred inflows of resources are<br>created as a result of various differences related to pensions that are<br>not recognized in the governmental funds. |                            |                            |
| Deferred Inflows of Resources Related to Pensions  | (73,278)                   | -                          |
| Deferred Outflows of Resources Related to Pensions   | 175,031                    | -                          |
| Contract for deed receivable will be collected in the future years,<br>but not available soon enough to pay for the current period's   |                            |                            |
| expenditures and, therefore, are deferred in the governmental funds.   | 4,073,010                  | 4,209,218                  |
| Governmental funds do not report a liability for accrued interest<br>until due and payable.  | (26,822)                   | (13,241)                   |
| Total Net Position - Governmental Activities   | \$ 54,887,956              | \$ 55,886,615              |

# RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES AND CHANGES IN FUND BALANCES TO THE STATEMENT OF ACTIVITIES - GOVERNMENTAL FUNDS For the Year Ended December 31, 2015 (With Comparative Totals for the Year Ended December 31, 2014)

|  | December 31, |             |
|--|--------------|-------------|
|  | 2015         | 2014        |
| Net Change in Fund Balances - Governmental Funds   | \$ 1,610,968 | \$ 987,244  |
| Amounts reported for governmental activities in the Statement of Activities are different because:   |              |             |
| Governmental funds report capital outlays as expenditures. However,<br>in the Statement of Activities the cost of those assets is allocated over<br>their estimated useful lives and reported as depreciation expense.<br>This is the amount by which capital outlays exceeded depreciation<br>in the current period.  |              |             |
| Capital Outlay Expenditures  | 2,736,138    | 1,390,365   |
| Depreciation Expense   | (1,870,168)  | (1,702,300) |
| Loss on Disposal   | (23,745)     | -           |
| The net effect of transactions involving the disposal of the Chaska garage.  | -            | (593,227)   |
| Compensated absences are recognized as paid in the governmental funds<br>but recognized as the expense is incurred in the Statement of Activities.   | (2,605)      | (16,275)    |
| The issuance of long-term debt provides current financial resources to<br>governmental funds, while the repayment of the principal of long-term<br>debt consumes the current financial resources of governmental funds.<br>This repayment is reflected as an expenditure in the governmental funds.<br>In the Statement of Net Position, this is reflected as a reduction of debt<br>principal payable.    |              |             |
| Principal Repayment  | 261,995      | 146,319     |
| New Debt Issued  | (2,419,401)  | -           |
| Interest on long-term debt in the Statement of Activities differs from<br>the amount reported in the governmental funds because interest is<br>recognized as an expenditure in the funds when it is due, and thus<br>requires the use of current financial resources. In the Statement of<br>Activities, however, interest expense is recognized as the interest<br>accrues, regardless of when it is due. | (13,581)     | (5,460)     |
| Governmental Funds recognize pension contributions as expenditures at the time<br>of payment whereas the Statement of Activities factors in differences between<br>actual and expected contributions and earnings on plan investments as well as<br>changes in proportion.<br>Pension Expense  | (50,053)     | _           |
| Certain revenues in the Statement of Activities that do not provide<br>current financial resources are not reported as revenue in the funds.<br>Contract for Deed Repayment  | (136,208)    |             |
| Change in Net Position - Governmental Activities   | \$ 93,340    | \$ 206,666  |
| The Notes to the Einspeigl Statements are on integral part of this statement   |              | 36          |

The Notes to the Financial Statements are an integral part of this statement.

#### NOTES TO THE FINANCIAL STATEMENTS December 31, 2015

## NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

#### A. Reporting Entity

SouthWest Transit (SWT) is a replacement transit agency, operated under a joint powers agreement by and for the Cities of Chanhassen, Chaska and Eden Prairie, Minnesota. These Cities are located in the southwestern Twin Cities metropolitan area. SWT was organized in July 1986 for the purpose of providing public transit services to the participating Cities, which cover 81 square miles and are located in Carver and Hennepin Counties. SWT provides fixed route express, reverse commute and local fixed route services. In July 2015, SWT also added local on-demand service for the area it serves

For financial reporting purposes, SWT's financial statements include all funds over which SWT exercises financial accountability. SWT does not have any component units.

## **B.** Government-Wide and Fund Financial Statements

The government-wide financial statements (i.e., the Statement of Net Position and the Statement of Activities) report information on all activities of SWT. SWT has only governmental activities, which normally are supported by intergovernmental revenues.

The Statement of Activities demonstrates the degree to which the direct expenses of a given function or segment is offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function or segment. Interest on general long-term debt is considered an indirect expense and is reported separately in the Statement of Activities. Program revenues include 1) charges to customers or applicants who purchase, use or directly benefit from goods, services or privileges provided by a given function or segment and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Unrestricted intergovernmental revenue and other items not properly included among program revenues are reported instead as general revenues.

Separate fund financial statements are provided for governmental funds. Major individual governmental funds are reported as separate columns in the fund financial statements.

#### C. Measurement Focus, Basis of Accounting and Financial Statement Presentation

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Motor Vehicle Sales Tax (MVST) funds are the major source of revenue and are recognized in the year the taxes are collected by the State of Minnesota. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

#### NOTES TO THE FINANCIAL STATEMENTS December 31, 2015

## NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

# **C.** Measurement Focus, Basis of Accounting and Financial Statement Presentation (Continued)

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, SWT considers revenues to be available if they are collected within 60 days of the end of the current period. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences and claims and judgments, are recorded only when payment is due.

MVST, farebox revenue, interest and grant funding associated with the current period are all considered to be susceptible to accrual and have been recognized as revenues of the current period. All other revenue items are considered to be measurable and available only when cash is received by SWT.

#### **Description of Funds:**

Major Governmental Funds:

General Fund – This Fund is the general operating fund of SWT. It is used to account for all financial resources and transit operations except those required to be accounted for in another fund.

Capital and Equipment Capital Projects Fund – This Fund is used to account for financial resources dedicated to the capital and equipment purchases that are locally funded.

SWS Development Capital Projects Fund – This Fund is used to account for the accumulation of resources to be used for capital construction and maintenance on SWT's property, or future development activities.

SWT receives a significant percentage of its revenue from MVST.

In 2001, the Minnesota Legislature amended the statutes providing for transit funding by eliminating property tax as the source of funding for transit systems operations and by dedicating a portion of the MVST to transit funding. These statutes dedicated 20.5% of the MVST to transit operations in the Twin Cities area effective July 1, 2002. Effective July 1, 2003, this increased to 21.5% of MVST. These funds are appropriated to the Metropolitan Council (MC). The MC is then mandated to provide the requested financial assistance to suburban transit systems. The formula for distributing the funds to each transit system is contained in the statute.

In 2006, the Minnesota voters passed a constitutional amendment that changed the Constitution so that 100% of the sales tax revenues on motor vehicles are dedicated to state-wide transportation improvement. The amendment calls for a phased-in transfer of the revenues over five years, with up to 60% of the dedicated funds going to state highways and local roads and at least 40% to public transit. This revenue is now referred to as regional allocated MVST, often referred to as RAMVST.

#### NOTES TO THE FINANCIAL STATEMENTS December 31, 2015

## NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

# **C.** Measurement Focus, Basis of Accounting and Financial Statement Presentation (Continued)

The amendment provided that beginning in year 2008, 63.75% of MVST revenues would be dedicated to transportation, with the remainder going to the General Fund. The transportation percentage would rise 10% each year until reaching 100% in 2012. These percentages would be in addition to the allocation of MVST revenues in current law, and distribution of the incremental increase is controlled through criteria set by the MC.

Capital funding contracts between the federal government, Mn/DOT, the MC and SWT are designated for specific capital projects. These monies are available until the projects for which the funds were allocated are completed or until the end of the grant term, whichever occurs first.

When both restricted and unrestricted resources are available for use, it is SWT's policy to use restricted resources first then unrestricted resources as they are needed. When committed, assigned or unassigned fund balances are available for use, it is SWT's policy to use fund balances in the following order: 1) committed, 2) assigned and 3) unassigned.

#### D. Assets, Liabilities and Net Position or Fund Balance

#### 1. Cash and Investments

SWT's cash is considered to be cash on hand, deposits and highly liquid debt instruments. Investments are stated at fair value.

*Minnesota Statutes* requires that all deposits be protected by federal depository insurance, corporate surety bonds or collateral. The market value of collateral pledged must equal 110% of the deposits not covered by Federal Deposit Insurance Corporation (FDIC) insurance or corporate surety bonds.

*Minnesota Statutes* authorizes SWT to invest in obligations of the U.S. Treasury, agencies and instrumentalities, shares of investment companies whose only investments are in the aforementioned securities, obligations of the State of Minnesota or its municipalities, bankers' acceptances, future contracts, repurchase and reverse repurchase agreements and commercial paper of the highest quality with a maturity of no longer than 270 days and in the Minnesota Municipal Investment Pool.

SWT has an investment policy in place that addresses interest rate risk, credit risk, concentration of credit risk and custodial credit risk as follows:

Custodial Credit Risk – Deposits: For deposits, this is the risk that in the event of bank failure, SWT's deposits may not be returned to them. SWT retains federal securities as collateral for all bank deposits.

#### NOTES TO THE FINANCIAL STATEMENTS December 31, 2015

## NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

#### D. Assets, Liabilities and Net Position or Fund Balance (Continued)

#### 1. Cash and Investments (Continued)

Interest Rate Risk: Managing exposure to fair value arising from changes in interest rates. SWT's investment policy does include specific limits on investment maturities as a means of managing its exposure to fair value arising from changes in interest rates. Investments will primarily be in shorter-term investments. The investment policy also states the portfolio must be structured so that securities mature concurrent with cash needs to meet anticipated demands.

Credit Risk: This is the risk that an issuer or other counterparty to an investment will not fulfill its obligations. SWT's investment policy addresses credit risk by limiting investments to the safest type of securities and using prequalifying brokers/financial institutions. SWT's investment policy refers to *Minnesota Statutes* 118A. State statutes limit investments that are in the top two ratings issued by nationally recognized statistical rating organizations.

Concentration of Credit Risk: Limits the amount SWT may invest in any one issuer. SWT's investment policy does place a limit on the amount SWT may invest in any one issuer. With the exception of U.S. Treasury Securities and authorized pools, no more than 20% of SWT's total investment portfolio will be invested with a single financial institution unless SWT deposits in that institution are backed by U.S. guaranteed investments.

Custodial Credit Risk – Investments: For an investment, this is the risk that in the event of the failure of the counterparty, SWT will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party.

#### 2. Receivables/Payables

Receivables include amounts due from the State of Minnesota through the MC for MVST collected but not received, the MC for farebox revenues and various capital grants and other local receivables. No allowance for doubtful accounts has been deemed necessary.

A contract for deed was executed in May 2014 as part of the financing of the sale of SWT property. The balance is due in monthly installments of \$ 27,335 together with interest at 4.25% over 20 years and is recorded in the SWS Development Capital Projects Fund.

Amounts included in accounts payable include expenses incurred in 2015, but not paid until 2016 for subcontracted transit services and other operating expenses.

#### 3. Prepaid Items

Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid items in both government-wide and fund financial statements. The treatment accorded prepaid expenditures in the governmental funds is the consumption method.

#### NOTES TO THE FINANCIAL STATEMENTS December 31, 2015

## NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

#### D. Assets, Liabilities and Net Position or Fund Balance (Continued)

### 4. Inventory

Vehicle parts inventory totaled \$ 418,699 at December 31, 2015 and is valued at cost using the first in, first out (FIFO) method and is accounted for using the consumption method.

#### 5. Capital Assets

Capital assets, which include property, facilities, equipment and intangible assets, are reported in the government-wide financial statements. Capital assets are defined by SWT as assets with an initial, individual cost of more than \$ 5,000. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. The capitalization threshold established for assets by category are as listed on the following page.

| Asset Category                               | Asset Category Threshold |         |
|--|--------------------------|---------|
| Land/Land Improvements                       | \$                       | 10,000  |
| Land/Land Improvements<br>Other Improvements | φ                        | 25,000  |
| Other Improvements                           |                          | ,       |
| Buildings and Building Improvements          |                          | 25,000  |
| Machinery and Equipment                      |                          | 5,000   |
| Vehicles                                     |                          | 5,000   |
| Infrastructure                               |                          | 100,000 |
| Construction in Progress (When Completed)    |                          | 100,000 |
| Intangible Assets                            |                          | 5,000   |
| Other Assets                                 |                          | 5,000   |

The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend assets' lives are not capitalized. Major outlays for capital assets and improvements are capitalized when they are placed in service.

Property, plant and equipment of SWT are depreciated using the straight-line method over the following estimated useful lives:

| Assets                              | Years |
|-------------------------------------|-------|
| Buildings and Building Improvements | 7-40  |
| Infrastructure                      | 15-40 |
| Other Improvements                  | 10-20 |
| Equipment, Machinery and Vehicles   | 3-15  |

#### NOTES TO THE FINANCIAL STATEMENTS December 31, 2015

## NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

#### D. Assets, Liabilities and Net Position or Fund Balance (Continued)

#### 6. Deferred Outflows/Inflows of Resources

In addition to assets, the statement of financial position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element represents a consumption of net position that applies to a future period(s) and so will not be recognized as an outflow of resources (expense/expenditure) until that time. SWT has one item that qualifies for reporting in this category. SWT presents deferred outflows of resources on the Statement of Net Position for deferred outflows of resources related to pensions. Deferred outflows of resources related to pensions results from the net effect of the change in proportionate share and employer contributions paid to PERA subsequent to the measurement date.

In addition to liabilities, the statement of financial position and fund financial statements will sometimes report a separate section for deferred inflows of resources. This separate financial statement element represents an acquisition of net position that applies to a future period(s) and so will not be recognized as an inflow of resources (revenue) until that time. SWT has two items that qualify for reporting in this category. SWT presents deferred inflows of resources on the Governmental Fund Balance Sheet as unavailable revenue. The governmental funds report unavailable revenue from one source: contract for deed receivable. This amount is deferred and recognized as an inflow of resources in the period that the amounts become available. SWT presents deferred inflows of resources related to pensions. Deferred inflows of resources related to pensions results from the net difference between projected and actual earnings on plan investments.

#### 7. Use of Estimates

The preparation of the financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements. Estimates also affect the reported amounts of revenues and expenditures/expenses during the reporting period. Actual results could differ from those estimates.

#### 8. Compensated Absences

SWT compensates its employees for unused personal leave benefits in the event of separation. Compensated absences are recorded as expenditures in governmental funds only when obligations are expected to be liquidated with available expendable financial resources, reflected as a liability in governmental funds for employees that have retired but have yet to receive their entire compensated absence balances. Compensated absences are recorded as expenses in governmental activities when earned.

#### NOTES TO THE FINANCIAL STATEMENTS December 31, 2015

## NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

## D. Assets, Liabilities and Net Position or Fund Balance (Continued)

#### 9. Long-Term Obligations

In the government-wide financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities Statement of Net Position.

In the fund financial statements, governmental funds recognize debt issuance costs in the year the debt is issued. The face amount of debt issued is reported as other financing sources. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

#### **10. Pensions**

For purposes of measuring the net pension liability, deferred outflows/inflows of resources, and pension expense, information about the fiduciary net position of the Public Employees Retirement Association (PERA) and additions to/deductions from PERA's fiduciary net position have been determined on the same basis as they are reported by PERA except that PERA's fiscal year end is June 30. For this purpose, plan contributions are recognized as of employer payroll paid dates and benefit payments and refunds are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

## **11. Fund Balance**

In the fund financial statements, governmental funds report fund classifications that comprise a hierarchy based primarily on the extent to which SWT is bound to honor constraints on the specific purpose for which amounts in those funds can be spent.

- Nonspendable Fund Balances Amounts that are not in a spendable form or are required to be maintained intact. Examples include prepaid items, inventory, land held for resale and long-term receivables that are not otherwise restricted, committed, assigned or offset by unearned revenue.
- Restricted Fund Balances Amounts are subject to externally enforceable legal restrictions. Examples include fund balance related to unspent bond proceeds and debt service fund balances if the fund balance is the result of revenue received from a third party that restricted the use to debt service payments.

#### NOTES TO THE FINANCIAL STATEMENTS December 31, 2015

## NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

#### D. Assets, Liabilities and Net Position or Fund Balance (Continued)

#### **11. Fund Balance (Continued)**

- Committed Fund Balances Amounts that are constrained by SWT Commission resolution for a specific purpose. Fund balance commitment resolutions must be completed before December 31 to be effective for that year and remain in effect until the commitment is changed or eliminated by Commission resolution.
- Assigned Fund Balances Amounts a government intends to use for a specific purpose; intent can be expressed by the government body or by an official or body to which the governing body delegates the authority. The SWT Commission has approved a fund balance policy that designates the SWT CEO or his/her designee as the official that has authority to assign fund balance.
- Unassigned Fund Balances Residual amounts that are available for any purpose in the General Fund. Unassigned fund balance will occur only in the General Fund or in other funds when there is a negative fund balance that can't be eliminated by reducing restricted, committed or assigned fund balances.

When both restricted and unrestricted resources are available for use, it is SWT policy to first use restricted resources, and then use unrestricted resources as they are needed.

When committed, assigned or unassigned resources are available for use, it is SWT policy to use resources in the following order: 1) Committed, 2) Assigned and 3) Unassigned.

SWT has adopted a fund balance policy for the General Fund and is summarized as follows:

- SWT will maintain an unassigned General Fund balance between 35-40% of budgeted operating expenditures; however, this need could fluctuate with each year's budget objectives. (For purposes of fund balance, the Metropolitan Council's regional operating reserves policy does not distinguish between the various components of fund balance).
- Annual proposed budgets shall include this benchmark policy. The Commission shall review the amounts in fund balance in conjunction with the annual budget approval, and make adjustments as necessary to meet expected cash-flow needs.
- In the event the unassigned General Fund balance will be calculated to be less than the minimum requirement at the completion of any fiscal year, SWT shall plan to adjust budget resources in the subsequent fiscal years to bring the fund balance into compliance with this policy and define the conditions that required a lower fund balance in their Comprehensive Annual Financial Report.

#### NOTES TO THE FINANCIAL STATEMENTS December 31, 2015

## NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

#### D. Assets, Liabilities and Net Position or Fund Balance (Continued)

#### **11. Fund Balance (Continued)**

The unassigned General Fund balance at December 31, 2015 is approximately 41% of the 2015 budgeted operating expenditures. (For purposes of this computation of the General Fund balance, operating expenditures do not include the capital costs).

SWT's target General Fund balance is a minimum of 35% to 40% of the annual operating budget.

#### **12. Net Position**

Net position represents the difference between assets and deferred outflows and liabilities and deferred inflows in the government-wide financial statements. Net investment in capital assets consists of capital assets, net of accumulated depreciation, reduced by the outstanding balance of any long-term debt used to build or acquire the capital assets. Net position is reported as restricted in the government-wide financial statements if there are limitations on their use through external restrictions imposed by creditors, grantors, laws or regulations of other governments.

#### 13. Comparative Data/Reclassifications

Comparative total data for the prior year has been presented by fund types and in total in the fund financial statements and in the government-wide statements in order to provide an understanding of the changes in the financial position and operations of these funds. Also, certain amounts presented in the prior year data have been reclassified in order to be consistent with this year's presentation.

The comparative data in the governmental – wide statements was not restated to reflect the implementation of GASB Statement No. 68 as all of the information required to restate prior year amounts was not readily available.

#### 14. Other Post-Employment Benefits (OPEB) Liabilities

The Commission continues to evaluate OPEB in accordance with GASB Statement No. 45. The annual required contribution (ARC) liability calculated was determined to be immaterial; therefore, no liability for OPEB has been recorded in the financial statements.

#### NOTES TO THE FINANCIAL STATEMENTS December 31, 2015

## NOTE 2 – STEWARDSHIP, COMPLIANCE AND ACCOUNTABILITY

#### A. Budgetary Information

SWT annually prepares, and the SWT Commission adopts, an operating budget for the funds listed below. The budget is prepared on a basis consistent with accounting principles generally accepted in the United States of America. *Minnesota Statutes* defines the source, method and allocation of a major portion of its funding. The level at which management cannot overspend the budget without the approval of the SWT Commission is at the fund level for all funds. All budget amendments are reviewed and approved by the SWT Commission. Budgeted amounts in the financial statements are as amended.

Capital projects budgets are prepared for existing and potential capital assets for a five year period through the Capital Improvement Program (CIP). Funding sources along with the timing of funding agreements (appropriations), revenue recognition and project expenditures are budgeted for each project.

In 2015, the SWT Commission adopted annual budgets for the following Funds:

- General Fund
- Capital and Equipment Capital Projects Fund
- SWS Development Capital Projects Fund
- SouthWest Village Debt Service Fund
- Eden Prairie Garage Remodel Debt Service Fund
- Energy Savings Debt Service Fund

#### **B.** Appropriation Control

The original 2015 budget was adopted by the SWT Commission on December 17, 2014. A final budget amendment was completed on December 8, 2015.

The Commission was updated throughout the year on the General Fund activity. Expenditures were contained below the amended budget primarily due to the internal budget monitoring procedures that have been established.

The net increase to the General Fund balance in 2015 was \$ 1,378,897, before capital lease proceeds and a transfer out in the amount of \$ 192,657 for debt service as noted on Note 4 on page 50 of this report.

Appropriation control is managed for all SWT annual adopted budgets.

The Capital and Equipment and SWS Development Capital Projects Funds are local financing sources managed through the budgetary controls of the SWT Commission.

#### NOTES TO THE FINANCIAL STATEMENTS December 31, 2015

## NOTE 2 – STEWARDSHIP, COMPLIANCE AND ACCOUNTABILITY

#### C. Excess of Expenditures over Appropriations

Expenditures exceeded appropriations in the following fund for the year ending December 31, 2015.

|                                       | Appropriations | Expenditures |
|---------------------------------------|----------------|--------------|
| SWS Development Capital Projects Fund | \$ 2,085,000   | \$ 2,360,917 |

The amount of the debt incurred to finance the project was increased to offset the additional project costs.

## NOTE 3 – DEPOSITS AND INVESTMENTS

As of December 31, 2015, SWT's bank balance was not exposed to custodial credit risk because it was insured and fully collateralized with pledged federal securities held by the pledging financial institution's trust department or agent and in SWT's name.

| Checking                | \$<br>33,353    |
|-------------------------|-----------------|
| Savings                 | 4,957,279       |
| Certificates of Deposit | <br>4,607,292   |
|                         |                 |
| Total Deposits          | \$<br>9,597,924 |

Custodial Credit Risk – Deposits: As of December 31, 2015, SWT's certificates of deposit were not exposed to custodial credit risk because they were fully insured through the FDIC and collateralized with securities held in SWT's name.

The following is a summary of total deposits and investments:

| Deposits<br>Petty Cash         | \$ 9,59 | 7,924<br>400 |
|--------------------------------|---------|--------------|
| Total Deposits and Investments | \$ 9,59 | 8,324        |

Deposits and investments are presented in the December 31, 2015 basic financial statements as follows:

| Statement of Net Position: |                     |
|----------------------------|---------------------|
| Cash and Investments       | \$ 9,392,514        |
| Cash with Fiscal Agent     | 205,810             |
|                            |                     |
| Total                      | <u>\$ 9,598,324</u> |

The cash with fiscal agent represents the balance of the money available for the Eden Prairie garage expansion project.

#### NOTES TO THE FINANCIAL STATEMENTS December 31, 2015

#### NOTE 4 – INTERFUND TRANSFERS

The composition of interfund transfers as of December 31, 2015 follows:

|                             |     | Fransfer In              |  |
|-----------------------------|-----|--------------------------|--|
|                             | N   | Nonmajor<br>Governmental |  |
|                             | Gor |                          |  |
|                             |     | Funds                    |  |
| Transfer Out:               |     |                          |  |
| General Fund                | \$  | 192,657                  |  |
| SWS Development - Capital   |     |                          |  |
| Projects Fund               |     | 15,100                   |  |
| Nonmajor Governmental Funds |     | 21,000                   |  |
| Total Transfers             | \$  | 228,757                  |  |

\$ 207,757 of the transfers was approved by the Commission to provide financing for the debt service expenditures in 2015. The remaining \$ 21,000 transfer was the remaining balance in the Energy Savings Capital Projects Fund after the project was completed and, per the energy savings lease purchase agreement, was transferred to the Energy Savings Debt Service Fund to be used for future debt service payments.

#### NOTE 5 – CONTRACT FOR DEED RECEIVABLE

SWT sold land together with the approximate 95,000 square foot building and all fixtures or equipment used in connection with the operation of the building in May 2014 for \$ 4,750,000. SWT received \$ 475,000 as a down payment and will receive the remaining balance over a 20 year period. The monthly payment of \$ 27,335 began July 1, 2014 and includes interest computed at 4.625% per annum. On the twentieth anniversary of the contract the entire unpaid balance of principal and accrued interest, if any, are due and payable in full. The amount outstanding at December 31, 2015 was \$4,073,010.

The purchaser has the right to fully or partially prepay the contract without penalty at any time.

## NOTES TO THE FINANCIAL STATEMENTS December 31, 2015

# **NOTE 6 – CAPITAL ASSETS**

Capital asset activity for the year ended December 31, 2015 was as follows:

|                                       | Beginning<br>Balance | Increases       | Decreases         | Ending<br>Balance |
|---------------------------------------|----------------------|-----------------|-------------------|-------------------|
| Governmental Activities:              |                      |                 |                   |                   |
| Capital Assets not being Depreciated: |                      |                 |                   |                   |

#### NOTES TO THE FINANCIAL STATEMENTS December 31, 2015

## NOTE 8 – LONG-TERM DEBT

#### A. Certificates of Participation and Lease/Purchase Debt

In 2013, SWT refinanced the outstanding capital lease balance of \$ 1,819,847 related to the construction of the SouthWest Village parking ramp and passenger waiting station with \$ 1,120,000 Refunding Certificates of Participation (COP), Series 2013, together with \$ 826,824 from the SWS Development Capital Projects Fund. The annual principal payments increase from \$ 80,000 in 2015 to \$ 110,000 in 2025 together with interest from 1.15% to 4.00%.

In 2013, SWT approved lease purchase financing totaling \$ 1,000,000 to provide financing for an energy savings performance project. The annual principal payments increase from \$ 57,747 in 2015 to \$ 77,997 in 2028 together with interest at 2.55%.

In 2015, SWT approved lease purchase financing totaling \$ 2,332,000 to provide financing for an expansion on the Eden Prairie garage. The annual principal payments range from \$ 116,991 to \$ 256,149 beginning in 2015 through 2025 together with interest at 2.59%.

In 2015, SWT approved a capital lease totaling \$ 87,401 financing the purchase of a turtle top bus. The annual principal payments range from \$ 7,257 to \$ 19,576 beginning in 2015 through 2020.

| Purpose                              | Date<br>Issued | Final<br>Maturity | Interest Rate | Amount       |
|--------------------------------------|----------------|-------------------|---------------|--------------|
| SouthWest Village Parking Ramp (COP) | 12/1/2013      | 10/1/2025         | 1.15 - 4.00%  | \$ 950,000   |
| Energy Savings Lease Purchase        | 4/11/2013      | 4/11/2028         | 2.55%         | 858,299      |
| Eden Prairie Garage Lease Purchase   | 7/1/2015       | 4/1/2025          | 2.59%         | 2,215,009    |
| Turtle Top Bus Capital Lease         | 7/1/2015       | 7/1/2020          | 8.00%         | 80,144       |
| Total                                |                |                   |               | \$ 4,103,452 |

Certificates of Participation and Lease/Purchase debt currently outstanding is as follows:

The future minimum lease obligations and net present value of these minimum lease payments as of December 31, 2015 were as shown on the next page.

| Long-Term Liabilities              | \$ 2,065,007         | \$ 2,548,970 | \$ 388,959 | \$ 4,225,018      | \$ 466,445             |

The General Fund typically liquidates the liability related to compensated absences. The Debt Service Funds typically liquidate the liability related to the long-term debt.

#### NOTE 9 – RISK MANAGEMENT

SWT is exposed to various risk of loss related to torts: theft of, damage to and destruction of assets; errors and omissions; injuries to employees and natural disasters. In order to protect against these risks of loss, SWT purchases commercial insurance through the League of Minnesota Cities Insurance Trust (LMCIT), a public entity risk pool. The LMCIT currently operates common risk management and insurance programs for municipal entities. SWT pays an annual premium to the LMCIT for its insurance coverage. The LMCIT is self-sustaining through commercial companies for excess claims. SWT is covered through the pool for any claims incurred but unreported, however, retains risk for the deductible portion of its insurance policies. The amounts of these deductibles are considered immaterial to the financial statements.

SWT's workers' compensation insurance policy is retrospectively rated. With this type of policy, final premiums are determined after loss experience, workers' compensation rates and salaries for the year are known. The final premium adjustment is in the year the adjustment is made.

During the year ended December 31, 2015, there were no significant reductions in insurance coverage from the prior year. Settled claims have not exceeded SWT's coverage in any of the past three years.

#### NOTES TO THE FINANCIAL STATEMENTS December 31, 2015

## NOTE 10 – PENSION PLANS

#### **Public Employees' Retirement Association**

## A. Plan Description

SWT participates in the following cost-sharing multiple-employer defined benefit pension plan administered by PERA. PERA's defined benefit pension plans are established and administered in accordance with Minnesota Statutes, Chapters 353 ad 356. PERA's defined benefit pension plans are tax qualified plans under Section 401(a) of the Internal Revenue Code.

General Employees Retirement Fund (GERF)

All full-time and certain part-time employees of SWT are covered by the GERF. GERF members belong to either the Coordinated Plan or the Basic Plan. Coordinated Plan members are covered by Social Security and Basic Plan members are not. The Basic Plan was closed to new members in 1967. All new members must participate in the Coordinated Plan.

## **B.** Benefits Provided

PERA provides retirement, disability, and death benefits. Benefit provisions are established by state statute and can only be modified by the state legislature.

Benefit increases are provided to benefit recipients each January. Increases are related to the funding ratio of the plan. Members in plans that are at least 90% funded for two consecutive years are given 2.5% increases. Members in plans that have not exceeded 90% funded, or have fallen below 80%, are given 1% increases.

The benefit provisions stated in the following paragraphs of this section are current provisions and apply to active plan participants. Vested, terminated employees who are entitled to benefits but are not receiving them yet are bound by the provisions in effect at the time they last terminated their public service.

#### NOTES TO THE FINANCIAL STATEMENTS December 31, 2015

## NOTE 10 – PENSION PLANS

#### Public Employees' Retirement Association (Continued)

#### **B.** Benefits Provided (Continued)

#### **GERF** Benefits

Benefits are based on a member's highest average salary for any five successive years of allowable service, age and years of credit at termination of service. Two methods are used to compute benefits for PERA's Coordinated and Basic Plan members. The retiring member receives the higher of a step-rate benefit accrual formula (Method 1) or a level accrual formula (Method 2). Under Method 1, the annuity accrual rate for a Basic Plan member is 2.2% of average salary for each of the first ten years of service and 2.7% for each remaining year. The annuity accrual rate for a Coordinated Plan member is 1.2% of average salary for each of the first ten years and 1.7% for each remaining year. Under Method 2, the annuity accrual rate is 2.7% of average salary for Basic Plan members and 1.7% for Coordinated Plan members for each year of service. For members hired prior to July 1, 1989, a full annuity is available when age plus years of service equal 90 and normal retirement age is 65. For members hired on or after July 1, 1989, normal retirement age is the age for unreduced Social Security benefits capped at 66. Disability benefits are available for vested members, and are based upon years of service and average high-five salary.

## C. Contributions

Minnesota Statutes Chapter 353 sets the rates for employer and employee contributions. Contribution rates can only be modified by the state legislature.

#### **GERF** Contributions

Basic Plan members and Coordinated Plan members were required to contribute 9.1% and 6.50%, respectively, of their annual covered salary in calendar year 2015. SWT was required to contribute 11.78% of pay for Basic Plan members and 7.50% for Coordinated Plan members in calendar year 2015. SWT's contributions to the GERF for the year ended December 31, 2015, were \$ 114,573. SWT's contributions were equal to the required contributions as set by state statute.

## **D.** Pension Costs

#### **GERF** Pension Costs

At December 31, 2015, SWT reported a liability of \$ 1,243,805 for its proportionate share of the GERF's net pension liability. The net pension liability was measured as of June 30, 2015, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date. SWT's proportion of the net pension liability was based on SWT's contributions received by PERA during the measurement period for employer payroll paid dates from July 1, 2014, through June 30, 2015, relative to the total employer contributions received from all of PERA's participating employers. At June 30, 2015, SWT's proportion was 0.0240%.

#### NOTES TO THE FINANCIAL STATEMENTS December 31, 2015

## NOTE 10 – PENSION PLANS

#### Public Employees' Retirement Association (Continued)

#### **D.** Pension Costs (Continued)

For the year ended December 31, 2015, SWT recognized pension expense of \$ 162,273 for its proportionate share of GERF's pension expense.

At December 31, 2015, SWT reported its proportionate share of GERF's deferred outflows of resources and deferred inflows of resources, and its contributions subsequent to the measurement date, from the following sources:

|   | Deferred<br>Outflows of<br>Resources | Deferred<br>Inflows of<br>Resources |
|---|--------------------------------------|-------------------------------------|
| Differences between expected and actual economic experience<br>Difference between projected and actual investment earnings<br>Changes in proportion | \$ -<br>117,745<br>-                 | \$ 62,709<br>-<br>10,569            |
| Contributions paid to PERA subsequent<br>to the measurement date  | 57,286<br>\$ 175,031                 | \$ 73,278                           |

#### NOTES TO THE FINANCIAL STATEMENTS December 31, 2015

## NOTE 10 – PENSION PLANS

#### Public Employees' Retirement Association (Continued)

#### **D.** Pension Costs (Continued)

\$ 57,286 reported as deferred outflows of resources related to pensions resulting from SWT contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the year ended December 31, 2016. Other amounts reported as deferred outflows and inflows of resources related to pensions will be recognized in pension expense as follows:

| Year Ending<br>December 31, | Pension Ex<br>Amou | •     |
|-----------------------------|--------------------|-------|
| 2016                        | \$                 | 5,010 |
| 2017                        |                    | 5,010 |
| 2018                        |                    | 5,010 |
| 2019                        | 2                  | 9,437 |

#### **E.** Actuarial Assumptions

The total pension liability in the June 30, 2015, actuarial valuation was determined using the entry age normal actuarial cost method and the following actuarial assumptions:

| Inflation                    | 2.75 % Per year |
|------------------------------|-----------------|
| Active member payroll growth | 3.50 % Per year |
| Investment rate of return    | 7.90 %          |

Salary increases were based on a service-related table. Mortality rates for active members, retirees, survivors, and disabilitants were based on RP-2000 tables for males or females, as appropriate, with slight adjustments. Benefit increases for retirees are assumed to be 1% effective every January 1<sup>st</sup> through 2026 and 2.5% thereafter.

Actuarial assumptions used in the June 30, 2015, valuation were based on the results of actuarial experience studies. The experience study in the GERF was for the period July 1, 2004 through June 30, 2008, with an update of economic assumptions in 2014. Experience studies have not been prepared for PERA's other plans, but assumptions are reviewed annually.

#### NOTES TO THE FINANCIAL STATEMENTS December 31, 2015

## NOTE 10 – PENSION PLANS

#### Public Employees' Retirement Association (Continued)

#### E. Actuarial Assumptions (Continued)

The long-term expected rate of return on pension plan investments is 7.9%. The State Board of Investment, which manages the investments of PERA, prepares an analysis of the reasonableness of the long-term expected rate of return on a regular basis using a building-block method in which best-estimate ranges of expected future rates of return are developed for each major asset class. These ranges are combined to produce an expected long-term rate of return by weighting the expected future rates of return by the target asset allocation percentages.

The target allocation and best estimates of arithmetic real rates of return for each major asset class are summarized in the following table:

|                      |                   | Long-Term      |
|----------------------|-------------------|----------------|
|                      |                   | Expected Real  |
| Asset Class          | Target Allocation | Rate of Return |
|                      |                   |                |
| Domestic Stocks      | 45%               | 5.50 %         |
| International Stocks | 15                | 6.00           |
| Bonds                | 18                | 1.45           |
| Alternative Assets   | 20                | 6.40           |
| Cash                 | 2                 | 0.50           |
|                      |                   |                |
| Total                | 100%              |                |
|                      |                   |                |

## F. Discount Rate

The discount rate used to measure the total pension liability was 7.9%. The projection of cash flows used to determine the discount rate assumed that employee and employer contributions will be made at the rates specified in statute. Based on those assumptions, each of the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of current active and inactive employees. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

#### NOTES TO THE FINANCIAL STATEMENTS December 31, 2015

## NOTE 10 – PENSION PLANS

#### Public Employees' Retirement Association (Continued)

#### G. Pension Liability Sensitivity

The following table presents SWT's proportionate share of the net pension liability for all plans it participates in, calculated using the discount rate disclosed in the preceding paragraph, as well as what SWT's proportionate share of the net pension liability would be if it were calculated using a discount rate 1 percentage point lower or 1 percentage point higher than the current discount rate:

|                                | 1% Decrease in | 1% Increase in |            |  |
|--------------------------------|----------------|----------------|------------|--|
|                                | Discount Rate  | Discount Rate  |            |  |
|                                | (6.9%)         | (7.9%)         | (8.9%)     |  |
| SWT's proportionate share of   |                |                |            |  |
| the GERF net pension liability | \$ 1,955,703   | \$ 1,243,805   | \$ 655,886 |  |

#### H. Pension Plan Fiduciary Net Position

Detailed information about each pension plan's fiduciary net position is available in a separately-issued PERA financial report that includes financial statements and required supplementary information. That report may be obtained on the Internet at www.mnpera.org; by writing to PERA at 60 Empire Drive #200, St. Paul, Minnesota, 55103-2088; or by calling (651) 296-7460 or 1-800-652-9026.

#### NOTE 11 - COMMITMENTS AND CONTINGENCIES

SWT participates in the Replacement Service Program and Capital Funding Agreement administered by the MC. To the extent that program expenditures may be disallowed as a result of a program compliance audit, a liability to the MC would result.

SWT entered into a transit service contract with a service provider for purposes of delivering bus services in connection with its express and local route service. Payments to the transit provider are contingent upon the actual level of services rendered, using rates established in the contract's agreement. The current contract is with First Transit, Inc. and will expire December 31, 2019. The average annual cost of the contract is \$ 3,900,000.

#### NOTES TO THE FINANCIAL STATEMENTS December 31, 2015

## NOTE 11 – CHANGE IN ACCOUNTING PRINCIPLE

For the year ended December 31, 2015, SWT implemented GASB Statement No. 68, *Accounting and Financial Reporting for Pensions* and GASB Statement No. 71, *Pension Transition for Contributions Made Subsequent to the Measurement Date.* As a result of the implementation of GASB No. 68, the unrestricted net position as of January 1, 2015, was reduced by \$ 1,091,999 to record the proportionate share of the unfunded pension liability of the Public Employees Retirement Association of Minnesota (PERA).

#### NOTE 12 - NEW STANDARDS ISSUED BUT NOT YET IMPLEMENTED

GASB has issued GASB Statement No. 75, *Accounting and Financial Reporting for Postemployment Benefits other than Pensions*. The new statement requires governments in all types of OPEB plans to present more extensive note disclosures and required supplementary information (RSI) about OPEB liabilities.

**REQUIRED SUPPLEMENTARY INFORMATION**

# STATISTICAL SECTION

#### STATISTICAL SECTION December 31, 2015 (Unaudited)

This part of SWT's CAFR presents detailed information as a context for understanding what the information in the financial statements, note disclosures and required supplementary information say about SWT's overall financial health. The following are the categories of the various schedules that are included in this section.

Financial Trends – These schedules contain trend information to help the reader understand how SWT's financial performance and well being have changed over time.

- Net Position by Component
- Changes in Net Position
- Fund Balances of Governmental Funds
- Changes in Fund Balances of Governmental Funds

Revenue Capacity – These schedules contain information to help the reader assess SWT's most significant local revenue source Motor Vehicle Sales Tax (MVST) and passenger fares. In 2002, the main source of revenue shifted from property tax to MVST. The agency does not control the amount of MVST it receives. The allocation is both controlled through state statute and a portion is controlled through the Metropolitan Council. SWT no longer receives any property tax. Passenger fares are controlled through a regional fare policy.

Debt Capacity – These schedules present information to help the reader assess the affordability of SWT's current level of outstanding debt and SWT's ability to issue additional debt in the future.

• Ratios of Outstanding Debt by Type

Demographic and Economic Information – These schedules offer demographic and economic indicators to help the reader understand the environment within which SWT's financial activities take place.

- Demographic and Economic Statistics
- Principal Employers

Operating Information – These schedules contain service and infrastructure data to help the reader understand how the information in SWT's financial report relates to the services the government provides and the activities it performs.

- Full-Time Equivalent SWT Employees by Function
- Operating Statistics
- Capital Assets Statistics by Function/Program
- Farebox Recovery Percentage and Fare Structure

Sources: Unless otherwise noted, the information in these schedules is derived from the CAFR for the relevant year.

<sup>1</sup> SWT purchased transit service vehicles until 2010 with federal, state and local grants. The issue of where the title was held was not addressed in all grants. However, some of the more recent grants indicated the title should remain with the regional transit planning agency, the MC. In 2010, the MC enacted a new fleet management procedure to provide clarification and consistency on regional fleet replacement capital cost and maintenance responsibilities.

Management recommended and the SWT Commission approved a transfer of title of 32 revenue service vehicles to the MC on February 25, 2010. The vehicles were then incorporated into the current master lease agreement and leased back to SWT for transit operations at no cost. The Commission believed the transfer was in the best interest of the agency to ensure future major repairs on all current transit vehicles was a regional cost and not a cost of SWT transit operations. As a result, these 32 buses and related equipment were disposed from capital asset records of SWT, causing a loss of \$ 4,103,019.
